**Wealthy Bohemian
Money Pouch**

Bohemians are known for their deep appreciation of the artistic life. They love the freedom that comes with personal choice, manifestation, charms and making things. Many bohemians love traveling and manifest easily in their own right. Some even consider themselves gypsies but they've never needed to use public assistance or tried to take advantage of others. They are honest and live with integrity. Sounds good, right? All it takes to become a bohemian is to adopt such freedom of spirit. And with some charms and some crafts, you can make that freedom of spirit real. Let's have fun putting together this pouch so you can have a prosperous life.

Items you will need:

1. One small- to medium-sized pouch or sack, preferably with a drawstring or some other mechanism to close the top. If you prefer to use a ribbon to tie the top, closed that's fine too. You can even make your own with fabric you love.
2. A pinch or two of Kitchen herbs –Three of any combination of the following: cinnamon (ground or stick), nutmeg, any type of mint, basil, oregano, bay leaf, clove, rosemary, thyme or anything else you feel inspired to use

You can also use herbal tea bags such as Mexican 7 herb tea (you would only use one of these and nothing else), chamomile, peppermint, and/or anything that makes you feel inspired when you smell it.

3. Three silver coins such as dimes (the older the better, or for extra good luck, ones with your birth year on it).
4. A pen (green ink is the best, but blue or black will do).
5. One small sheet of paper, 3 x 3 inches. Or you can cut it down to size. Any color will do.
6. A one dollar bill.

7. One or two gem stones or crystals—choose any that inspires you. Suggestions: tigers eye, aventurine, quartz, agate, emerald, jade, hematite, citrine, any green stone. You may even find a few small ones sparkling in a gravel driveway that that you might like. It's how the gem or crystal makes you feel that most important.
8. One Green candle of any size or shape in a safe fireproof holder. And matches or a lighter.

Directions:

Gather the items and schedule about ½ hour of personal time.

Take the items and lay them out on a flat surface.

Take a few deep breaths and close your eyes. Imagine what types of things would make you happy if you had all of the money you wanted and were living a prosperous life. Open your arms wide and uncross your legs. Place your feet flat on the ground and push down. Breathe in the air. Let go of any cares. Allow feelings of being joyful, wealthy, prosperous, and healthy to emerge. If you need to sit, stand, dance, sing, etc., do whatever makes you feel good from the inside out. Put on your favorite songs, the ones that make you want to dance and feel good, if that's what it takes.

- a. Now take the green candle. Hold it with the top facing you, and, using your fingers, gently rub the candle from the bottom to top. With each stroke of your finger, say out loud: "I bless you and give you the property of wealth and prosperity. As you burn and fade in size so shall my bills and debts subside."
- b. Put the candle in its holder and light it.
- c. Stare into the flame and imagine that your bills are becoming smaller and smaller until they are gone completely. See then all paid in full.
- d. Now continue to stare into the flame and start to see excess money flowing into your life.
- e. Imagine wealth and prosperity coming to you in leaps and bounds. See yourself dancing with money on the floor, in your hands, and falling out of your hair. Feel the money being attracted to you. Allow your emotions to stir and dance.
- f. Then take the pouch and hold it in your hands in a prayer position. When you start to feel your hands warm up, say: "I bless you and give you the property of wealth and prosperity for myself and for those I share this wealth with."

- g. Take the pen and paper and write: “Money, Money flow to me, make it as quick as it can be. Let this command not reverse or place upon me any curse. It is safe for me to be wealthy! Open the flood gates and make it so! It is Now Done! I thank thee! I thank thee! I thank thee!”
- h. Start placing each item into your pouch. The order does not matter, but what does matter is that you hold each item in your dominant hand and bless it. Say the following for each item:

Dimes—“I bless you to flow abundantly into my life.”

Paper—(folding it towards you into thirds) “I bless you to send my command and return wealth back to me.”

Herbs—“I bless you to speed my request.”

Dollar bill—“I bless you with divine love to bring to me wealth from above.”

Once you have placed everything (except the candle) inside the pouch, hold it to your heart and say, “I bless this pouch with Divine Love to bring to me that which is mine by divine right. With harm to none, not even myself.” At this point you can add “In the name of” whatever being feels right for you—Jesus or

the universe or the Lord God of My Being. There is no right or wrong way to complete this.

You can leave the candle burning until it is gone. If you need to snuff it and re-light it later, that’s fine too. But keep relighting it until it is burned completely down.

Keep this pouch in a safe place where you will be able to access it easily. You can carry it in your purse or put it inside your car glove compartment, or wherever you will be reminded of it often. If you start to feel fearful about money, take a few deep breaths, put your hand over your heart, and say “Money is flowing to me now. It is safe for me to be wealthy.” You can also rub the outside of your pouch. It is best you not let others play with this pouch, as some people may become jealous when your life starts to become prosperous.

Many Blessings for you to have a wealthy and prosperous life! I hope you enjoyed this. Feel free to share it with others. I’d be happy to help you in any way I can.
